Judging starts at 8:00 a.m. each day. Check in with the ring captains no later than during the walk-through for the class you're working.

NOTE: People not scheduled either did not fit the available holes in the schedule, or scheduling for the available holes would have created a lot of down time (example:the ring assigning a novice handler to the first class of the day). If you would still like to work, please let the ring captains know and check in with them before the start of each class; it is likely that there will be changes and no-shows and they may be able to fit you in.
