Enter when previous dog on Table or at second horn.

"Extral Extral Read all about it! Elderly female dancer and local vixen found sleighed on local road with hoof prints on her forehead. Police call it a case of dasher and run. Film at 11."

"Grandma and a Reindeer - A woeful tale of Christmas tragedy" -
 And a Non-Traditional Jackpot

Opening: Accumulate points for all obstacles dog performs successfully.
 Point schedule: Bar and panel jumps = 1 pt., double, weaves = 3 pts., contacts, 2-jump combo = 5 pts. Tunnels (which represents some of the roles in our tragedy) are worth the point value shown in circles the first time completed and 3 points the second and third time completed.

Tunnels may be taken 3X for points; all other obstacles may be taken 2X for points. Back-to-back OK for all obstacles if safe for the dog; tunnels may NOT be taken back-to-back (that means three consecutive performances are not allowed). Jumps in 5-point combo must be taken in flow; both must be completed successfully for points, no partial credit.

All story characters (tunnels) must be performed and completed at least once in the opening to qualify; these may be done at any time in the opening and in any order and direction and do not have to be taken sequentially.

All dogs must begin at the Start jump, which may be taken in either direction to start the clock. A horn will sound at the end of the opening period. If the dog is performing an obstacle when the first horn sounds, successful completion will result in Opening points.

4/8/12 - 35 seconds 16/20/24 - 30 seconds

Closing: Team continues to accumulate points for performing obstacles, including "our house." All obstacles may be taken 2X for points and back-to-back performances are allowed. Point values are the same as in the Opening "except" tunnels are worth only 3 points for each performance and the first "house" (A-frame, teeter, 2-jump combo) attempted during the Closing will be worth 8 points on the first attempt and 5 points on subsequent attempts. All other "houses" will be worth only 5 points on the first and second attempts.

In the closing, the team must complete one "house" for 8 points to qualify.

Dog must put at least one paw on the table to stop the clock. Table is "live" at the end of the opening period.

4/8/12 - 22 seconds 16/20/24 - 20 seconds

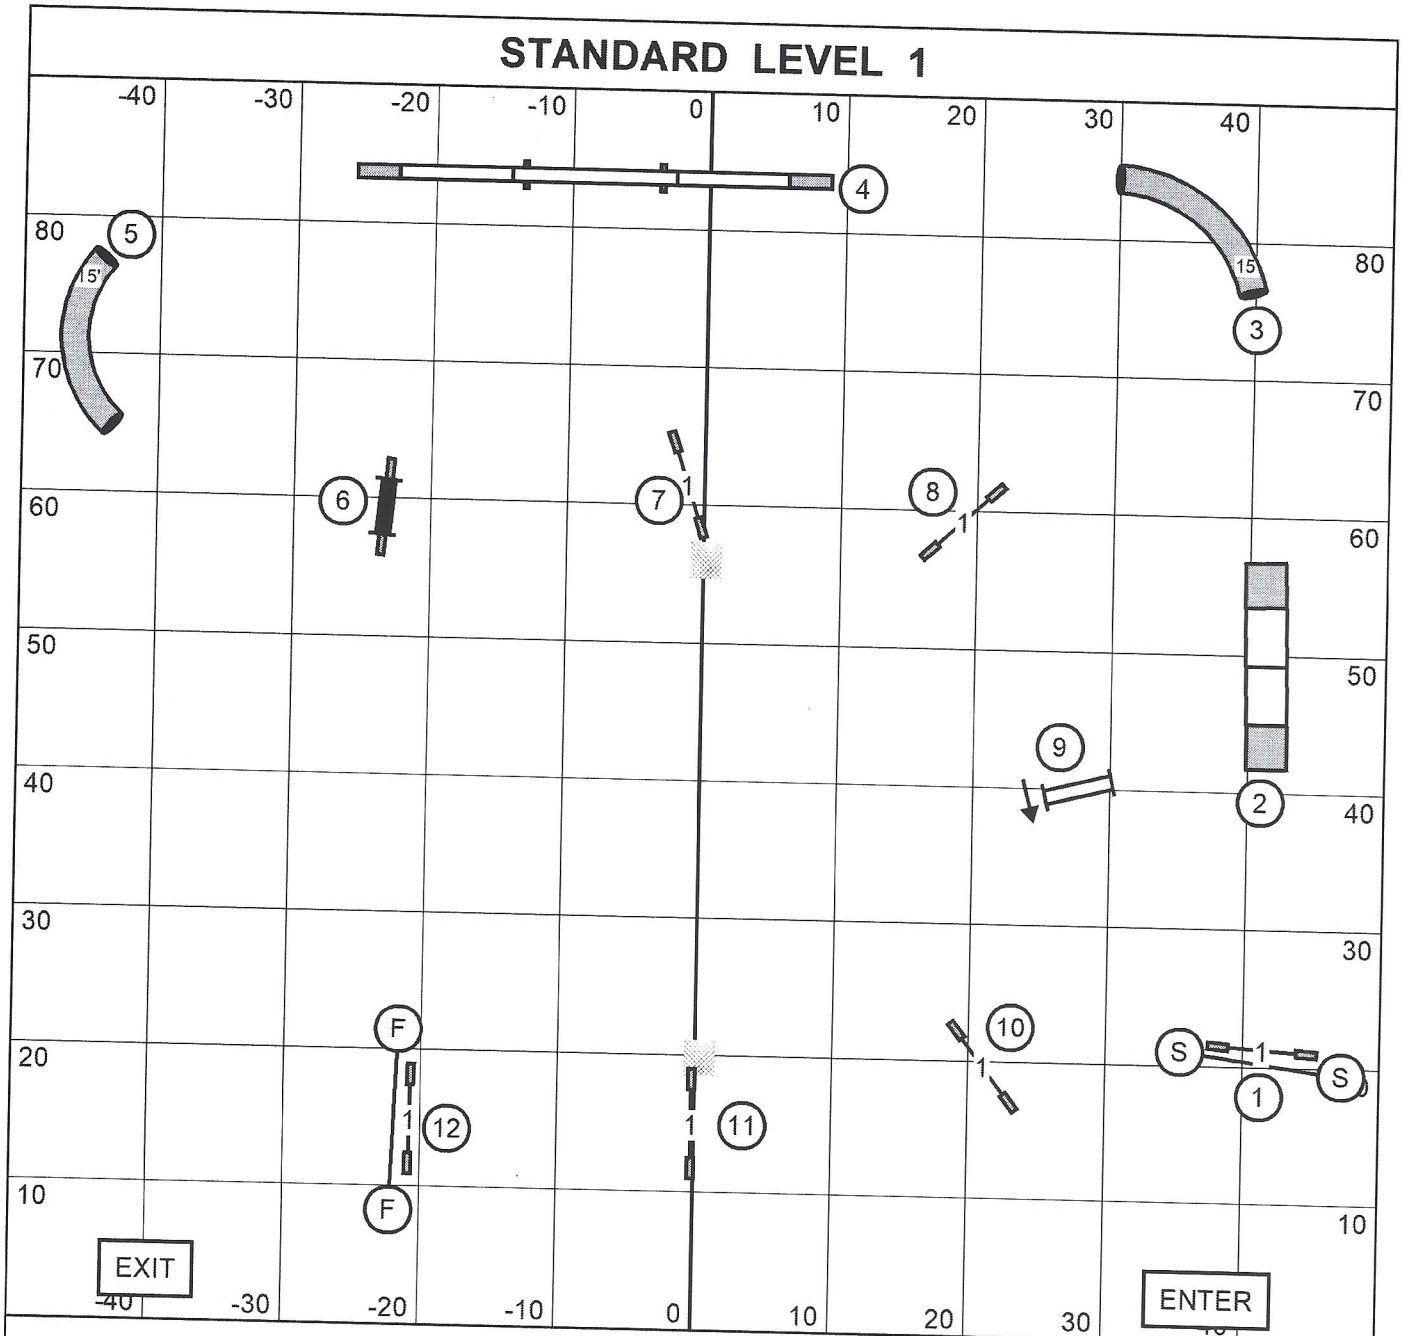

Bonus: 5-point bonus for performing the characters in numerical order during the opening.

To qualify, the team must accumulate all of our sordid story's "characters" (2, 4, and 6) in the opening and one "House" (8) in the closing, must have at least the minimum number of points required for the dog's level, and must have a time that does not exceed total game time for the dog's jump height.

Points required:

Regular/Veterans: L1-32, L2-36, L3-40, L5C-44
 Enthusiast/Specialist: 2 points less at same level.
