

SETUP OBEDIENCE

- Setup before the event includes:
 - Collect trash and empty all trash containers, replace plastic liner bags in cans and set all trash bags outside in WAG's waste receptacles.
 - Depending on which rings they have rented:
 1. Move equipment out of the blue mat ring, put out of the way either outside the blue barriers, in the obedience ring or at the back of the blue mat ring if there will be room. Can also be moved to behind the blue barriers in the turf ring.
 2. Move crates in the agility and obedience rings to the lobby.
 3. Find out how club wants the blue mat ring setup - are they putting another ring in there or will it be for crating? Adjust ring gates accordingly.
 4. Put our club's chairs in the lobby.
 - Find out how they want the rings setup - usually the blue barriers in the turf ring are moved up to the 50' line and another set of barriers or gates are used to split the area in half. Follow the club's lead.
 - All agility equipment in the turf ring is put behind the blue barriers.
 - **NOTE:** Keep track of weave poles connector piece so it isn't misplaced.
 - Put a table at each ring for the stewards, with chairs. Other tables go in lobby for their use.
 - Put obedience equipment by designated rings (trial equipment is

behind the blue barriers by the mat ring, also some in obedience ring).

- They will set up kitchen how they want it.
- They will put out their own ribbons, although might need help.
